XL Catlin Ireland

XL Catlin in Ireland has a proud heritage dating back to 1990. Since then the Irish operation has written over USD 2 billion of premium.

XL Catlin offers innovative risk transfer and risk management solutions that meet the needs of today's real estate and property owners. Experienced underwriters, dedicated loss prevention service units and professional account management teams work closely together to service policyholders in Ireland.

We take a personalised approach to property coverage. It's all about partnerships. And it starts with listening. By listening and learning all about a client's properties and associated risks, we can develop personalised property solutions that are designed specifically for their portfolios.

The result is Propsure, our new Real Estate Property Owners Insurance Facility, underwritten by XL Catlin Insurance Company UK Limited available exclusively through Willis Towers Watson Broker Services.
